Objective

To obtain a position in technology that maximizes both my communication skills and technical knowledge, while maintaining strong growth potential.

Experience

Associate Consultant — Computer Sciences Corp., Waltham, MA — Oct. 2000–Present

- Successfully completed CSC's Associate Training Program in e-Business technologies
- Developed application systems using OO Design, Java, Servlets, JSP, XML, HTML, and SQL
- Currently studying for MCSE certification while awaiting my next project

Founder and CTO — SuperWebMen.com, Chestnut Hill, MA — Oct. 1999–May 2000

- Managed and directed all technology initiatives at SuperWebMen
- Responsible for developing all product offerings, focusing on template design using Dreamweaver
- Instrumental in developing the business plan and focus of the company

Technology Consultant — Mediplan, Inc., Wayne, NJ — May 1999–Oct. 1999

- Researched, designed, and setup an IBM AS/400 Printing System
- Investigated and purchased a MICR check printing solution for the AS/400
- Managed and directed a budget of $25,000 for the project

Webmaster (mediplan.com) — Mediplan, Inc., Wayne, NJ — Sept. 1998–Present

- Oversee all aspects of the web site: design, development and maintenance
- Setup web site hosting and e-mail accounts for mediplan's employees using procmail
- Registered the domain name with Network Solutions after a long trademark dispute

Entrepreneur — Merkert Enterprises, Melville, NY — April 1998–Aug.1998

- Partnered with President to develop ProductSamples.com
- Developed a web strategy, business plan and organized backend database integration
- Gained valuable experience in developing technical and business related skills

Computer Consultant — Windham Capital LLC, Boston, MA — Sept. 1997–Dec.1997

- Setup and configured new laptops with Windows 95 and Internet access
- Performed complex searches on the Internet for potential emerging market hedge fund investors
- Entered hundreds of business cards into a searchable Microsoft Outlook database
